# PROTEUS WORKSHOP

## SCANNING SERVICES PRICING

For Web Design, Desktop Publishing and Commercial Printing

**Proteus Workshop Scanning Services Pricing is designed to accommodate two different audiences:**

**NORMAL RESOLUTION SCANS FOR WEB OR DESKTOP PUBLISHING:** These scans are carefully optimized for the customers intended usage on web pages (at 72 dpi) or internally produced printed materials (usually at 150 dpi for Microsoft Office applications.)

**HIGH RESOLUTION SCANS FOR COMMERCIAL USE**  
These scans are made at a resolution of 151 dpi or greater and are intended for commercial applications, including magazine and book reproduction, Giclee printmaking and other uses not requiring specific ICC based color matching. Most scans are at 300 dpi.

**PRICING**

Proteus WorkShop scanning services pricing is based on the final file size and the degree of correction necessary to achieve client satisfaction. In the absence of unusual circumstances (extensive image correction or clean-up, damaged originals, custom image sizes, etc.) pricing is as shown at right. Additional time at \$75 per half hour is charged for damaged originals or those requiring extensive correction to achieve client satisfaction.

**ORIGINAL ART WORK SIZE**

Proteus Workshop can directly scan reflective originals up to A3 size (13" X 19"). For reflective artwork sized larger than 13" X 19", see our Giclee Services pricing.

Transparent originals (slides, color or black and white negatives, or film based line art) can be scanned. Popular sizes include 35mm, 2-1/4" X 2-1/4", 2-1/4" X 2-3/4", and 4" X 5". We are also able to scan transparent originals in 6 cm X 17 cm. Other sized originals may be scanned by special request.

**TURNAROUND TIME**

Most scans can be produced in three days or less. For orders containing more than 10 originals, additional time may be necessary.

**DISCOUNTS FOR HIGH VOLUME SCANNING**

Generally speaking, volume discounts are applied to individual scan orders in excess of 20 similar originals.

### Normal Resolution Scans (150 dpi or less)

SCAN SIZE	PRICE
0 - 10 MB	\$25.00
11 - 30 MB	\$30.00
31 - 60 MB	\$40.00
61 - 100 MB	\$60.00
< 100 MB	Call

### High Resolution Scans (151 dpi or above)

SCAN SIZE	PRICE
0 - 30 MB	\$45.00
31 - 60 MB	\$60.00
